Chandran, managing director and deputy director of district industrial department, Trissur inaugurated the session. Mr. Chandran enlightened the audience by providing various details about the present pandemic situation and entrepreneurship. He shared his experience and knowledge of entrepreneurship during covid19.he mentioned the following points:

- Educate yourself to make the right decision and to make the most of your success.
- They provide job opportunity to people who lost their jobs in abroad due to covid 19.
- As you go into each scene, you learn about in detail and learning things.
- Think Differently from others and make it into action.
- Communication is the most important quality of an entrepreneur.
- There are lots of opportunities in our country but we are missing them all.
- Every venture that starts with our own ideas will be successful.
- It is the quality of each product that drives the customers to buy it again.
- All enterprises will succeed if they think that even a single rupee has value.
- Keep all records
- The pandemic situation helps us to rethink.

He concluded his words by saying that only the one who is willing to take the risk can become a good entrepreneur. At the end of the session the students raised different queries and he answered with wonderful examples. SharafaB4.BBA delivered vote of thanks and the program ended at 9.00pm.
