[www.mesmampadcollege.edu.in](http://www.mesmampadcollege.edu.in)

Established in 1965 by the Ernad Educational Association, and adopted by the Muslim Educational Society in 1969 under the leadership of late Dr. P.K. Abdul Ghafoor (Founder President, M.E.S), the College has completed fifty one years of service for the cause of Higher Education. So far the College has moulded the minds of thousands of people. It has changed and redrawn the educational map of Malabar, and especially of the Ernad region. With thirteen programmes at the undergraduate level, seven at the postgraduate level, it is also the first institution from the district accredited by the National Assessment and Accreditation Council, an autonomous body under the University Grants Commission.

Into the fifty-first year, the biggest higher education campus in the Malappuram District with a sprawling 27 acres campus has been leading the March of the underprivileged section into education and empowerment. The journey which began for MES Mampad College as a small institution is now crowned with the conferring of autonomy for the College. With its poly foci on the different facets of student lives, MES Mampad has risen to be the cream among the Colleges of the Malabar region. With its massive presence in the two big corollaries of academia, arts and sports, MES Mampad has time and again emphasised the holistic ecosystem of the teaching learning it espouses.

'MES Mampad is made up of a community of very supportive staff and students. Studying here makes you feel as though you are at home.'

## MES Mampad College: A Class Apart

The Biggest Campus in Malabar, the only Autonomous College & the biggest Arts and Science College run by MES in Kerala

## SUPPLEMENTARY ACTIVITIES

### TREE : Learn green, live green

MES Mampad has been not just promoting efforts at sustainability best practices, but also launching genuine measure to reduce on-campus waste and energy consumption. The College helps promote faculty and student- led green proposals and intimate measures to benefit environment. The green cover ensured in the campus with sustained efforts at tree planting is the most visible sign of that. Rain water harvesting, bio gas generation, solar grid, rare plant conservation project in collaboration with the NGOs around, eco conservation drives taken up by NSS and NCC units of the college, the carbon foot print reduction efforts by the faculties- all of these add to strengthen the green status of the campus. The location of the college close to Nilambur which is famed for its teak plantations and proximity to Western Ghats not merely adds to the environmental passion of the students, the campus wakes them up to the responsibilities this entails.

### Seminars, workshops & debates

MES Mampad College leaves no stone unturned in letting the students and the faculty access learning in all hues and shapes. Educational experiences of varied modes are regular at the college. Seminars, workshops, debates, invited talks, interactions, video lectures, make in classroom, educational visits, project based learning - all these constitute the learning experience with us.

### Sports and Games - body and mind

The buffet of games facilities on offer at the College declares loud that tuning one's body is cardinal for tuning one's mind. Sports and games contribute significantly to not just the it mess part of the student lives. MES Mampad College has consistently fared well in sports and games and has contributed to national and international players in select areas.

### National Service Scheme & National Cadet Corps

Outreach and Institutional Social Responsibility are at the core of the mission of MES Mampad. All arms of the instructional processes are coached to reach out to spot and support initiatives in the communities around. Building shelter for the needy, houses for the peers, community farming, training sessions for the school students and teachers, cleaning missions, providing utilities for the hospitals, supporting the pain and palliative drives- this a summary of the attempts by the staff and students of MES towards reaching out and supporting the society around.

### Fine Arts Centre

With all round support of students' interest in fine arts, The College has established a name as an arts friendly college. The related championships we have won at the Zonal and Inter-zone Arts festival in the Inter-college competitions and the active arts scene at the college reflect it. Equally relevant is the way the college uses drama, skits, music and allied means to aid the educational experience.

## MES MAMPAD SIGNATURES

### Annual MESMAC International Conference

MESMAC International Conference was initiated in 2016 as a Golden Jubilee platform in which cross-disciplinary dialogues are made possible, involving thought leaders, academics and scholars. It was conceived to take the academic endeavours and reach of the institution to the next level. With the four previous editions, the global scale conferences have established as the leading college conference in South India. Leading thinkers, writers, scientists, statesmen and community leaders visited the campus to interact with the young generation to lead and empower them. Over the last 4 editions of the conference, we have hosted 100 speakers, presented 1200 papers and published 19 books with ISBN

### Consultancy and Collaboration

MES Mampad has been reaching out to forge meaningful alliances with industry, Institutes of Higher Education and International Universities with the goal of making opportunities available to students for building academic and professional networks. These also the teachers and the students to keep abreast of the best practices around in other campuses and to place themselves in a globalised environment. The multiple collaborations of the College with research bodies like CIFT & KFRI, Universities like Leshan Normal University, China and several other industrial firms. The Consultancy work done the faculty of the College too places them on an altogether plane. In areas like educational management, Ecological and sustainability measures, setting up Learning Spaces, Soft skill development etc.

### Research, Innovation and Development

With full fledged research departments, major share of the teaching faculty holding research degrees and another thirty percentage doing research, MES Mampad college ranks high in terms of Research activities and potential. Research is promoted at the undergraduate and postgraduate levels. Interactions with renowned international researchers, sessions on research areas, preparation of projects and funding possibilities help educate and motivate the learners. Research journals, research clubs, MOUs with Foreign Universities and Faculty Exchange Programmes are the milestones of the College.

### Publication Division

The College has a publication division which helps promote research and publication of quality exploration by the faculty. The faculty and the students are given opportunity to publish their project and research related works as well as literary and creative pursuits.

### Continuous Professional Development

CPD, Continuous Professional Development is a seminal need for institutional development. Professional development avenues for the teaching and supporting staff should be open and current. Training has to be continuous as the changes in the global educational trends and techniques and evolving career imagery has to be linked to the what happens in the campus and the classroom. There is a system in place for addressing professional development requirements at MES Mampad.
